Department: Computer Engineering | NYU Tandon School of Engineering

Overall F

Student Reviews

"Lecture

"Very good at introducing the concepts in class. Speaks very clear, and doesn't rush his lectures. Gives students opportunity to participate in class. Although, he is some what emotionless, kind of like a robot at times. Final project is very very very time consuming!" (Quality 4.5, Difficulty 2.0)

"Good-looking prof, young but with enough teaching experience, likes to give his students pop quiz (closed book). Proj is hard and time consuming, however, you can learn a lot from it. He is good." (Quality 5.0, Difficulty 4.0)
